

this is the end

VERSE 1

Oh that's the day that I've been waiting for.
My imaginations impress me more and more.
Those black clouds are so beautiful today,
'cause all the tears make them look so mildly gray.

Oh that's a day we all should celebrate,
'cause all the frustration and all the hate.
Will no longer be.
Maybe not for you, but at least for me.

PRE-CHORUS

Everyone comes around for the biggest party,
my farewell song is played on top of the charts.
Everyone unites to say goodbye.

CHORUS

(Goodbye) My heart's set free,
my soul's on high
and maybe even the sun will shine.
And even though
they can't help crying,
I say, welcome to the day I die.

VERSE 2

It's not a day about leaving alone.
It's a day about coming home,
to my fathers hand.
A new world waves to me,
while another one disbands.

PRE-CHORUS

But don't worry,
I'm not leaving,
I'm just dreaming about redemption.

CHORUS

BRIDGE

And when I die (ready or not),
redemption comes (given by blood),
ain't that a reason to party all night long (this is my farewell song)?

PRE-CHORUS
